

boss

# BOSS

A classic, full of elegance. A warm sensation runs throughout the body when sitting in a BOSS Executive chair. The perfect union between features and movement technology, durability and discreet design. The great difference lies in the exquisitely crafted leather upholstery, offering a traditional air

boss

Careful detail, chrome plated steel armrest, made with high density foam covered with selected full-grain leather.

5 position adjustable mechanism with the possibility of choosing one fixed position. Furthermore, the adjuster allows different mechanism positions when released in order to fully adapt to the user's preferences.

Excellent level of comfort thanks to the DileOffice upholstery which brings together traditional materials with the latest technology in order to offer maximum comfort and features.

Stylish materials, designer brushed aluminium base.
