DILE  **OFFICE**®

flexa

A touch of colour in our work or study environment. Translucid colours are the stars here in this operational chair, offering excellent ergonomic features for the best possible sitting position. Economy and design.

Full contact mechanism, helping the back to adapt to the backrest, including during rapid movements.

Height-adjustable in height and depth, to help adapt to the different physical conditions of each user.

Integrated system using a lever for automatic gas elevation.

Metal armrest with opaque upper support, to ensure maximum comfort.

Robust, reliable, safe metallic base. It also has rubber wheels to protect floor surfaces and offer better quality movement.

Coloured opaque structure

Adjustable-height backrest

Metallic armrest with opaque support

Gas elevation system

Full contact mechanism

Metallic base and rubber wheels
